GRIPPED BY THE DARKNESS...THEY STAYED

"So when the Samaritans came to him, they urged Him to stay with them, and He stayed two days." John 4:40

The EPI team under the direction of Enock Enjovu, along with Pastors Samson, Albert, Benjamin, Abel and Patson traveled to the eastern region of Zambia to evangelize and start a church. As they completed the initial 10 day project and planted the church they sensed that God was not yet through. **They were gripped by the darkness of the region.** Headmen from several different chiefdoms urged them to stay and evangelize their villages. Recognizing God's urging they stayed on for two more weeks, just as Jesus did when the Samaritan's urged Him to stay a while with them (John 4:40).

Hear in this report the Headman's urgent request. "I am PLEADING for you Pastor to come to my area next week and help evangelize and start a church in Nyanje Village. The surrounding area has 10 schools with a village population of 2000. All these people live a life without Jesus. We have Nyau Dancers, prostitution, polygamist, children smoking dagger, and the practice of witchcraft - children with parents, SO PLEASE HELP US!" Nyanje borders Mozambique, and many people living there are ex-freedom fighters of the Mozambique liberation war. Due to harsh treatment by the Ferrimo Soliders of Mozambique, people were made to marry their own daughters, so it is an area of promiscuous living.

Provider God supplied resources allowing Enock and the team to extend the project for an additional 14 days. Enock reported that the opportunities for evangelism were vast. **Thousands** were set free from the prisons of ancestral and pagan practices. The All-knowing God sent His Word to those who were perishing and without hope and **"it will not return void."** The light of the Gospel penetrated the darkness providing spiritual sight for the spiritually blind, a hunger for Truth and fresh hope for change in the region. **What a Savior!!!!!!**

Nyau masked dancers are understood to be spirits of the dead. Nyau Dancing is an encounter with a demon spirit and is associated with fear and ritual dread. Controlled by evil spirits, the masqueraders may act with impunity. Often times when they enter a village the people are in great fear as there have been attacks and deaths during performances in the past. The masks worn over the face are primarily depicting ancestral spirits.
